

20,000 s.f. Building:

Modern Industrial Building, Build-to-Suit

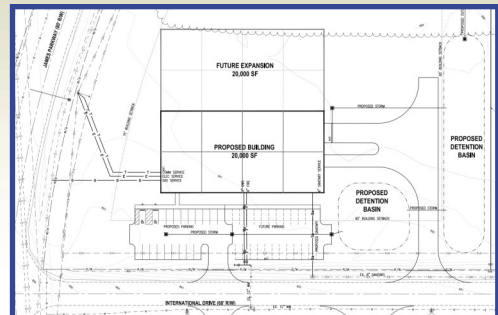

Build-to-Suit: Port Authority specializes in building 20,000 sq. ft. industrial buildings expandable to 40,000 sq. ft. This unique build-to-suit option includes a 5.42+/- acre lot located on International Drive in the South Campus of the Central Ohio Aerospace & Technology Center. The build-to-suit option allows you to determine the number of drive-in doors, recessed dock doors, and allows you to customize the office space.

Small Business Solution: The Port Authority provides a full-cycle approach to solving small business needs by connecting companies with community resources and products. The small business-oriented site is near operations for The Boeing Company, the Bionetics-operated U.S. Air Force Primary Standards Laboratory, MISTRAS Group, Samuel Strapping Systems, and Ariel Corporation.

Unique Amenities: The site is fully-served with redundant utilities. Both a 34.5KV AEP power line and a 69KV line are in proximity to the site. Redundant natural gas and fiber optic service is here too.
